STANDING DESK SOLUTIONS

Research suggests that sitting at a desk all day long can increase the risk of serious health problems. The American Medical Association (AMA) recognizes that "there are potential risks of prolonged sitting" and encourages "efforts by employers, employees and others to make available alternatives such as standing workstations."*

However, standing all day can cause other problems, such as swelling and fatigue. WorkWise adjustable-height desks and workstations provide a better way to promote wellness and discourage harmful sedentary behavior. They allow office workers to seamlessly alternate between sitting and standing throughout the workday, helping them moderate physical stresses and maintain a steady flow of energy, ideas and activity.

POTENTIAL BENEFITS OF STANDING

Initial studies and user reports suggest that standing for part of the day has a range of potential benefits:
- Improved alertness, concentration and productivity

- Increased metabolism

- Improved posture and toning of key muscle groups

- Reduced fatigue, eyestrain, aches and pains

- Improved circulation and respiration

- Lower blood pressure and reduced risk of diabetes and heart disease

- Increased comfort, improved morale and reduced absenteeism

- Decreased risk of repetitive stress injuries

- Accommodation of multiple workers in shared spaces

*American Medical Association Policy H-440.843 *Health Risks of Sitting.*

Standing desk solutions provide comfort while sitting or standing to help improve workspace ergonomics, promote health and increase productivity.

- Adjustable-height desks provide a complete desk solution, combining an electric adjustable-height base, digital memory control and a variety of durable and attractive work surfaces. (See pp. 4-5.)

- Adjustable-height workstations convert existing desks to achieve the benefits of one-touch height adjustment. (See p. 6.)

- Accessories include UPS systems, surge protectors, display mounts, KVM switches, USB chargers and cables. (See p. 7.)

SMALL STEPS CAN PRODUCE BIG RESULTS

A Mayo Clinic study found that simply standing for two hours during the day instead of sitting can burn 340 extra calories.[*] That's like cutting a dozen doughnuts out of your diet every week!

*James A. Levine & Selene Yeager, *Move a Little, Lose a Lot.*

ADJUSTABLE-HEIGHT DESKS

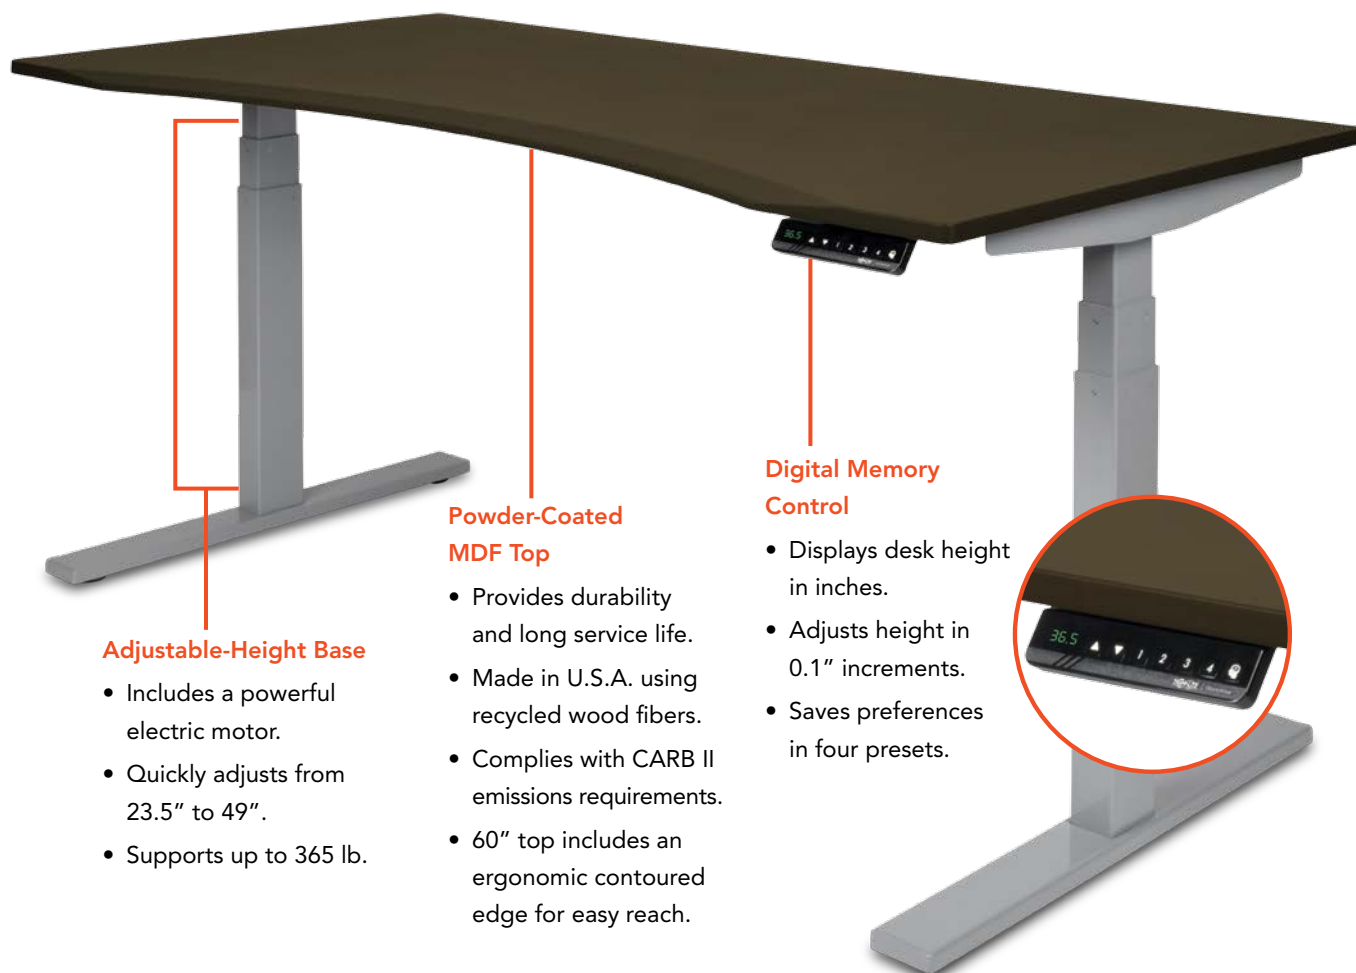

ADJUSTABLE-HEIGHT WORKSTATIONS

WORKWISE ADJUSTABLE-HEIGHT DESKS

• One-touch height adjustment

• Advanced digital memory control

• Sturdy steel base and MDF top

WorkWise desks make it easy to alternate between sitting and standing throughout the day, helping to promote health and productivity. Users can customize height settings for personal comfort and save preferences with the digital memory control, which is especially helpful in shared workspaces.

Models Shown: **WWBASE-GY** with **WWTOP60-ESC**

Adjustable-Height Base

• Includes a powerful electric motor.

• Quickly adjusts from 23.5" to 49".

• Supports up to 365 lb.

Powder-Coated MDF Top

• Provides durability and long service life.

• Made in U.S.A. using recycled wood fibers.

• Complies with CARB II emissions requirements.

• 60" top includes an ergonomic contoured edge for easy reach.
Digital Memory Control

• Displays desk height in inches.

• Adjusts height in 0.1" increments.

• Saves preferences in four presets.

WWTOP60-BKC	60" x 30" Contoured Top, Black
WWTOP60-ESC	60" x 30" Contoured Top, Espresso
WWTOP60-WHC	60" x 30" Contoured Top, White
WWTOP72-BK	72" x 30" Non-Contoured Top, Black
WWTOP72-ES	72" x 30" Non-Contoured Top, Espresso

5-year limited warranty. Bases can adjust from 42.5" to 72" wide. Electric motor (base) tested to UL 1004-7, UL 1004-1, UL 508:1999, CSA C22.2 100-04, CSA C22.2 77-95, CSA C22.2 14-10.

WORKWISE DESKS ARE ANSI/BIFMA COMPLIANT

The Business and Institutional Furniture Manufacturers Association (BIFMA) sets standards for evaluating the safety, durability and structural performance of products intended for offices and related environments.

ANSI/BIFMA standards cover a wide range of furniture products, including desks. WorkWise adjustable-height desks meet or exceed these standards (ANSI/BIFMA X5.5-2014). ANSI/BIFMA compliance is an assurance of quality, performance, safety, stability and ergonomic design.

The electrical components of the desks are also tested and certified to UL safety standards by TUV.

Desk tops and bases include a 5-year warranty backed by Tripp Lite, a provider of outstanding customer service since 1922.

WORKWISE ADJUSTABLE-HEIGHT WORKSTATIONS

- Compatible with most work surfaces

- One-touch height adjustment

- Extra-large keyboard tray

- 29 lb. weight capacity

WorkWise adjustable-height workstations convert fixed-height desks and other work surfaces to gain the benefits of one-touch height adjustment for sitting or standing. Three different styles suit a range of applications and preferences.

Standing Desktop Workstation (WWSSDT)

- Sits on any flat work surface
- Adjusts monitor platform height up to 22".*
- Adjusts keyboard tray height up to 17.5".*
- Requires only 20" x 20" desk space.
- Supports dual monitors.**

Standing Desk-Clamp Workstation (WWSSDC)

- Clamps to a flat surface up to 3" thick.
- Adjusts monitor platform height up to 22".*
- Adjusts keyboard tray height up to 13.5".*
- Accommodates various depths.
- Supports dual monitors.**

Standing Single-Monitor Desk-Clamp Workstation (WWSS1327CP)

- Clamps to a flat surface up to 3.35" thick.
- Mounts an LCD monitor up to 27" (VESA 75x75 or 100x100).
- Adjusts keyboard tray height up to 14.5".*
- Permits left-right, up-down and front-back movement.

*Above work surface. **With optional dual-monitor mount.

TRIPP·LITE ABOUT TRIPP LITE

RELIABILITY

Tripp Lite has been an engineering-driven company since its founding in 1922. We design, manufacture and test our products to meet or exceed the latest safety and performance standards. ISO 9001 quality management helps us make the most dependable products in the industry. In addition, our WorkWise adjustable-height desks comply with ANSI/BIFMA standards to ensure quality, performance, safety, stability and ergonomic design.

ISO 9001
CERTIFIED QUALITY SYSTEMS

ANSI
American National Standards Institute

BIFMA
BUSINESS + INSTITUTIONAL FURNITURE MANUFACTURERS ASSOCIATION

SERVICE

Big or small, we strive to make every customer feel important by providing responsive service. If you have a question, take advantage of Tripp Lite's free tech support and contact our Chicago-based support team for a timely answer. When phone calls aren't convenient, you can also reach us by email and chat, or take advantage of our extensive array of online product finders, FAQs and DIY help resources at tripplite.com.

VALUE

We constantly refine our design and manufacturing process to maximize the value of everything we make. Practiced engineering, efficient manufacturing and rigorous quality control allow us to offer competitive pricing that stretches your budget without sacrificing features and performance.

SELECTION

The world's greatest product can't help you when it's out of stock. Tripp Lite's large product portfolio and inventory investment allow us to maintain a wide selection of in-stock, ready-to-ship products. One advantage of our diverse product portfolio is that we can supply many different things you need for your IT environment. This simplifies planning, ordering and service requests.
